

DEMOCRAT DINER

Specializing in 30 Second Sound Bites & Other Stuff That "Sounds" Good

HealthCare For Everyone FREE

Who says that there is no such thing as a free lunch? Order this dish and you will receive Medicine that is delivered with the efficiency of the Post Office, compassion of the IRS, and timeliness of AMTRAK. Don't worry about the bill, we will just tax the rich & the smokers for this meal. Ignore any talk about "surcharges" or a national sales tax. We need to control the evil doctors who are removing our kids' tonsils --- just to make a profit. Served with an optional Death Panel. This is a popular dish, so we may have to ration your portion.

Cap & Trade 48¢ a day

Order this yummy green dish because the debate is over, and global warming is man-made. Please keep in mind that the .48¢ is just an estimate of what it will cost you (in the year 2020). If you choose this menu item, the cost of traditional energy will rise, and you will receive a much larger bill. If you are a home owner, you will receive a free side of government intervention to make sure your house is "green" before you are allowed to sell it. This dish is not served with common sense.

Stimulus \$787,000,000,000

I know this dish looks expensive, but it is good for you! We must spend ourselves out of a recession and borrow our way out of debt. Never mind that we are committing generational theft instead of promoting personal responsibility. This dish does not include any actual economic stimulus and is served with a huge side of pork. Price does not include gratuity paid to the Chinese for the loans.

Cash for Clunkers we give you \$4,500

We love the smell of free money in the morning. This popular dish is currently "sold out", but similar recipes may be included on the next menu. The temporary demand for this dish did not come with any extras for consumers who were looking for an inexpensive used car. Taxpayers will pick up the bill for this one because it is our right to take from those who work and spend it on any entitlement program we deem necessary.

Independent Chips & Democrat Dips \$1

Everyone orders this dish because it looks cheap! While you work hard everyday for the almighty dollar, we believe we are entitled to that dollar. We, your Public Servants, are now royalty. Thanks to you, we are now wealthy! We need your money to support our lifestyle and buy votes to stay in office. On certain occasions you will only receive Democrat Dips because we run out of Independent Chips when we serve too many of them with our Elephant Stew.

Elephant Stew all you can eat for \$4.99

Don't think we forgot about those tasty Republicans! We are eating them for lunch! We included this popular dish because the Republican Bar & Grill went out of business a few years ago when they starting spending like drunken sailors. Maybe we should rename this dish to RINO Soup. Served with a generous portion of wishy-washy principles and a weak spine.

Prices do not include the loss of freedom and the destruction of the Bill of Rights. All items include an addition to the federal deficit. No matter what you want to order, you will receive whatever crap is served to you. Since you have been silent for so long, we don't think you care --- so you don't have a voice anymore. Don't worry about leaving a tip, we have already taken just about everything you have. We know the Constitution says that you have the right to pursue Life, Liberty and Happiness. **WE will let YOU know what kind of life you should be living, what liberties you should actually have --- and --- our happiness will dictate your happiness.**
